MESSAGE FROM ORGANISING CHAIRPERSON

A warm hello to everyone.

It gives me great pleasure to welcome you to the **33rd Annual Scientific Congress of Malaysian Oncological Society 2022 (33rd ASCOMOS)**, which will be held from 4th to 6th November 2022 at Hilton & Le Meridien Kuala Lumpur, Malaysia. We look forward to meeting all of you face to face.

Within the past two years while everyone's attention was focused on the pandemic; we know that our brave patients, their families and doctors courageously continued their fight against cancer. It is in recognition of this valiant spirit that we chose the theme **RECONNECTING, for our future in cancer care.**

Our committee has worked hard to deliver an excellent 3 day educational programme that suits everyone's interests, be it fellow oncologists, medical officers and our much valued nurses and allied health professionals.

We have an array of prominent international and national speakers to deliver up to date lectures and involve you in engaging discussions throughout the congress. The gathering of great minds coupled with sharing of knowledge and new ideas underlies the key theme for our meeting this year.

We strongly encourage you to send your research work for our abstract section. All accepted abstracts will be awarded free registration and you will have the great opportunity to present your work at this congress.

We look forward to welcoming everyone in November, reconnecting with each other face to face and fostering the spirit of fellowship. Until then, stay safe and do visit our website <https://ascomos.com/home> for the latest updates on the conference.

Yours sincerely,

DR MALWINDER SINGH SANDHU
