Bridging The Gap:
Where Science Meets Reality

Malaysian
Oncological
Society

Welcome Message by Organising Chairperson

Dear Esteemed Participants,

On behalf of the organizing committee, it is with great pleasure and anticipation that I extend a warm welcome to all distinguished attendees of the 35th Annual Scientific Congress of the Malaysian Oncological Society (ASCOMOS 2024), scheduled to take place from the 11th to the 13th of October 2024 at the Setia SPICE Convention Centre in Penang.

This year, our esteemed society eagerly awaits the gathering of leading minds, dedicated researchers, and passionate practitioners in the field of oncology. The ASCOMOS 2024 promises to bring you the most up to date science, data, and interactive lectures. We know when science meets reality, best science does not always equal perfect clinical outcomes. As such, this year we want to bridge the gap, bringing various stakeholders together to address many issues in our oncology practice, especially those related to pharmaco-economy and training.

Whether you are consultants, registrars, medical officers or even allied health, we invite you to submit an abstract for our poster presentation sessions. This is an excellent opportunity to share your latest research findings and engage with fellow colleagues in a dynamic and interactive setting.

Amidst the stunning backdrop of Penang, renowned for its rich cultural heritage and breathtaking landscapes, I encourage you to take some time to indulge in the local charm and explore the unique offerings of this vibrant city.

We look forward to your active participation, as we collectively strive to make a meaningful impact in the realm of oncology.

With warm regards,

Dr Ang Soo Fan
